

## 2023/24 Course Selection Sheet

Hello Newton's Grove Families.

It's that wonderful time of year again! That exciting time when students look forward to their future and make important decisions about courses and the prospect of post graduation and post-secondary.

Attached is the condensed version of our *Course Calendar*. In it you will find all of the courses that are available for the upcoming 2023/2024 school year. We're excited to offer some new courses that have been personally requested and selected by our existing student body.

When looking through the Course Selections available to you, please keep in mind the following important reminders:

- Complete course descriptions can be found by clicking the link below each course code
- Classes will only run if there are a minimum number of students that are enrolled in the course
- All courses may be chosen on My Blueprint, but course selections cannot be submitted until the registration deposit has been made.
- Classes fill up on a first-come, first-serve basis, so please have your registration packages submitted by no later than February 15, 2023.
- It is HIGHLY RECOMMENDED that compulsory courses, especially in the upper senior years, be taken IN PERSON, not online. Universities are scrutinizing compulsory courses that are taken online and can refuse acceptance at their discretion.
- All computer courses require a laptop to successfully complete assigned tasks

Please do not hesitate to reach out to me should you have any questions or concerns regarding any of the course offerings, or for advice on course selections.

Sincerely,

Eva Diab  
Student Success Director
